The mission of St. Thomas School is to develop responsible citizens of a global society. In partnership with parents, we inspire and motivate intellectually curious students.

Our small, nurturing environment supports the acquisition of a broad academic foundation with an emphasis on critical thinking, leadership skills, and the development of strong character and spiritual awareness.

Welcome

This Auction's success is the result of the amazing collaborative effort of many parents in our community who have shared their time and creativity, and who have given generously in support of St. Thomas School. Thank you to this year's Auction Co-Chairs Jill McNamara, Karen Stone, and Xiaoying Haparnas for their countless hours planning *Casino Royale*.

Our Online and Live Auctions raise money to support everything that ensures an outstanding academic foundation for each student. The funds raised directly benefit our students by supporting our operating budget, including faculty salaries, student financial aid, and classroom equipment and supplies.

This year's Raise-the-Paddle is in support of presentation enhancements in our new spaces which include audio/visual equipment for our new Athletics and Performing Arts Center, and for the Center for Leadership and Innovation.

Thank you for your participation and support of St. Thomas School and our entire community of outstanding students!
